

IMPERIAL
BRICKS

DEVELOPER COLLECTION

YOUR BUILD, OUR PASSION

As one of the UK's leading suppliers of the finest handmade, extruded and pressed bricks, Imperial Bricks specialise in producing a growing range with a strong focus on regional variations, in imperial and metric sizes.

Using traditional manufacturing methods, our skilled brickmakers expertly reproduce brick colours and textures found across the UK over the past 500 years, making our bricks perfect for the restoration, renovation and conservation of period properties, whilst offering an authentic look for new build projects.

Our highly experienced team has over 150 years of brick expertise collectively and we are always happy to offer expert advice.

We can supply brick samples for your consideration, as well as offer a brick matching service and specialist conservation advice.

As a long term SEDEX member, integral to our business is the empowerment of sustainable and ethical supply chains.

Our customers can be confident that Imperial Bricks' products are made ethically to the highest international standards.

ADDITIONAL SERVICES

BRICK MATCHING

Many older properties utilise bricks from redundant brickworks, this makes matching existing brickwork challenging. Our experienced team offer a highly personalised service to assist you with selecting the most suitable bricks for your building project.

BESPOKE BLENDING & WEATHERING

Utilising the in-house processing and finishing facilities at our head office in Shropshire, we can create tailor-made solutions to satisfy even the most challenging projects. We can custom blend bricks from different ranges or add bespoke weathering for that perfect match.

FREE SAMPLE SERVICE

Samples are available for our entire product range enabling you to assess brick colour, blend, size and texture. We recommend that samples are obtained prior to placing an order – contact your local builders merchant to request a sample.

CREATE FEATURE WALLS WITH BRICK TILES

Designed and developed exclusively by Imperial Bricks, our unique range of brick tiles offer a quick and easy way to bring the look and feel of an authentic exposed brick wall to any residential or commercial project.

Our brick tiles are carefully cut from full size bricks, then sorted to replicate the banding, colouration and texture of conventional brickwork. The traditional handmade nature of our brick slips creates a desirable, instantly-aged appearance.

Brick slips (another name for brick tiles) are also a modern method for cladding buildings.

Slips are available from our entire range of bricks and are supplied in loose packs, we also supply matching brick corners or 'pistols' for complete coverage.

Imperial Bricks is committed to ensuring product quality, sustainability and ethical supply. We require all of our manufacturing partners meet and evidence at least six of the following key internationally recognised standards.

- SEDEX Members Ethical Trade Audit (SMETA) Report
- Anti-Modern Slavery Policy
- UKCA/CE Mark – CPR Compliance in Clay Brick Products
- ISO 9001 – Business Quality Management System
- BES 6001 – Responsible Sourcing
- ISO 14001 – Environmental Management System
- ISO 45001 – Health and Safety Management System

By working with these manufacturers over many years, our customers throughout the supply chain – merchants, specifiers, builders and developers – can be confident our bricks are made ethically, to the highest quality, and reliably supplied.
