ROOFING COLLECTION

HANDCRAFTED CLAY ROOF TILES

ROOFING WITH REAL CHARACTER

Our handcrafted clay roof tiles add an authentic character and a timeless aesthetic to any project. Each one is carefully shaped by expert tilemakers utilising traditional methods and high-quality natural clays. These tiles achieve a distinctive, weathered appearance that retains the charm of historic structures while meeting modern performance standards.

Each tile has unique variations in texture and colour that only genuine hand-moulding can achieve, and come in a range of six timeless colours that look established from day one and are built to keep their character and charm for decades.

COALPORT AUTUMN

Handcrafted clay roof tiles with subtle blended shades of orange to light brown.

CODE	SIZE	UNIT WEIGHT	MIN HEADLAP
HCRT/AUTUMN	265 x 165mm	1.28kg	65mm

FITTINGS

GABLE TILE + HALF

PRODUCT DESCRIPTION

A specially sized roofing unit, roughly 1.5 times the width of a standard tile, used to finish gable roof edges (verges).

SIZE	MIN ROOF PITCH	UNIT WEIGHT	QTY/PALLET
265 x 248mm	35°	2.03kg	640

EAVES

PRODUCT CODE

Shorter roof tiles designed for the lowest course of a roof, sitting directly above the gutter.

SIZE	MIN ROOF PITCH	UNIT WEIGHT	QTY/PALLET
200 x 165mm	35°	0.95kg	1425

BONNET HIP

PRODUCT DESCRIPTION

Curved tile used to create a rounded, neat, and watertight finish on the hip of a plain tiled roof.

SIZE	MIN ROOF PITCH	UNIT WEIGHT	QTY/PALLET
285 x 280mm	35°	1.92kg	500

VALLEY

PRODUCT DESCRIPTION

U-Shaped tiles designed to form a watertight and durable channel where two roof slopes meet.

SIZE	MIN ROOF PITCH	UNIT WEIGHT	QTY/PALLET
275 X 340MM	35°	2.30KG	415

HALF ROUND RIDGE

PRODUCT DESCRIPTION

Tile component designed to cap and seal the apex or hips of a pitched roof

SIZE	MIN ROOF PITCH	UNIT WEIGHT	QTY/PALLET
300 x 240mm	35°	3.38kg	220

HOG BACK RIDGE

PRODUCT DESCRIPTION

Roof fitting featuring a distinctive, high profile hump at the apex, provides a softer alternative to traditional angled ridge tiles.

SIZE	MIN ROOF PITCH	UNIT WEIGHT	QTY/PALLET
300 x 230mm	35°	3.00KG	345

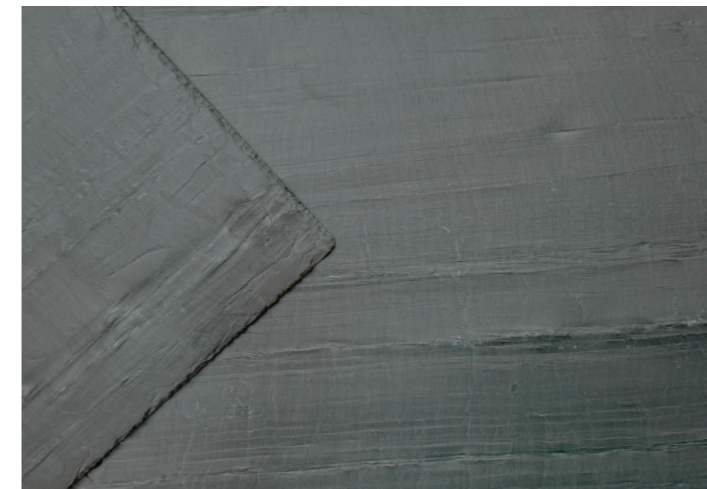

SLATE ROOF TILES

FOR A STATEMENT ROOF THAT LASTS A LIFETIME

Natural slate is prized for its beautiful aesthetics, colour depth and strength. It is a low-maintenance product, dense and with a low water absorption rate, making it highly resistant to moss and algae growth. As slate ages it develops a soft, natural patina, settling into its environment, making it a great choice for renovation and restorative work, as well as prestigious new builds.

Built for maximum durability and weather resistance, its substantial weight and heavy texture offer a premium, established feel that only high-quality natural stone can provide. When properly installed, slate roofing can last well over a century, often outliving the building itself.

ELLESMERE

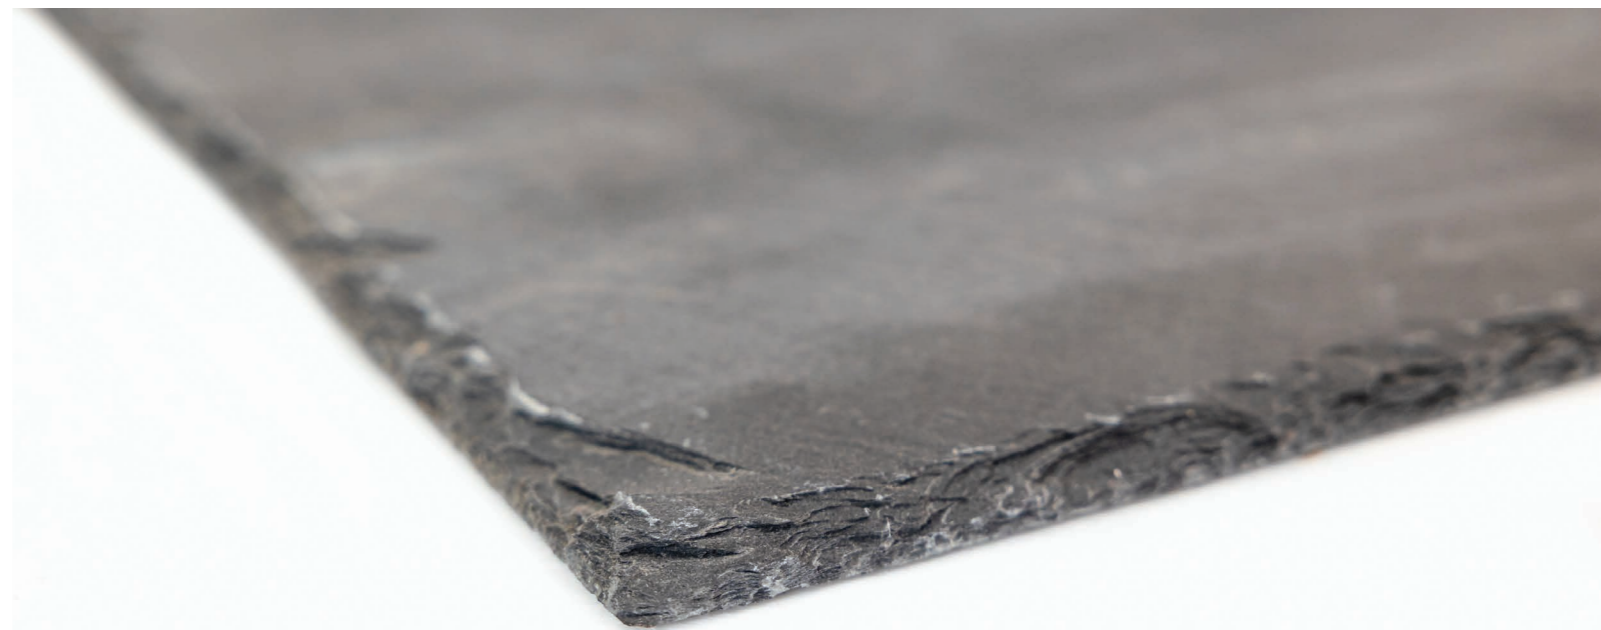

Carefully quarried and split, each slate has a smooth, consistent surface with subtle natural variation, creating a neat and uniform appearance across the roof. Lightweight and easy to handle this slate delivers a timeless look.

CODE	SIZE	UNIT WEIGHT	MIN HEADLAP
SLATE/ELLESMERE-500x250	500 x 250 x 5mm	1.6 - 1.8kg	100mm
SLATE/ELLESMERE-500x375	500 x 375 x 5mm	1.6 - 1.8kg	100mm
COVERAGE	QTY/PALLET	MIN ROOF PITCH	
20 per m ²	580	20°	

COLEMERE

This textured prime slate is all about rugged, natural character. Expertly split to a thicker gauge, each slate features a deeply riven surface and dressed edges that create a bold, architectural look on the roof.

CODE	SIZE	UNIT WEIGHT	MIN HEADLAP
SLATE/COLEMERE-500x250	500 x 250 x 4.5mm	1.8 - 2kg	100mm
SLATE/COLEMERE-500x375	500 x 375 x 4.5mm	1.8 - 2kg	100mm
COVERAGE	QTY/PALLET	MIN ROOF PITCH	
20 per m ²	580	20°
