

IMPERIAL BRICKS

YOUR BUILD, OUR PASSION.

BRICK COLLECTION

IMPERIAL BRICKS

PROFESSIONAL EXPERTISE AND KNOWLEDGE

With over 150 years collective experience in the traditional brick industry, we are committed to providing all of our customers with the highest quality service and advice.

Our dedicated sales team are always on hand to provide advice and professional expertise. With unrivalled knowledge of regional brick types, experience in dealing with planning permission and sensitive conservation area sites, our team will guide you every step of the way.

SPECIALIST HELP AND GUIDANCE

Our team of experts are on hand to assist with all your brick related queries. We take pride in knowing our product and being able to offer a full, efficient service that is tailored exactly to your specifications.

ETHICAL AT EVERY STAGE

Integral to our business is the empowerment of ethical supply chains.

Imperial Bricks' products are made ethically to the highest international standards, confirmed by independent audits and robust product testing by recognised third-party bodies. We only partner with manufacturers who meet our ethical policies and business practices as outlined in our Imperial Standard.

Working closely with our manufacturing partners we continuously strive to develop new ways of incorporating materials such as recycled glass, paper and other waste materials into manufacturing processes without compromising the quality of our products.

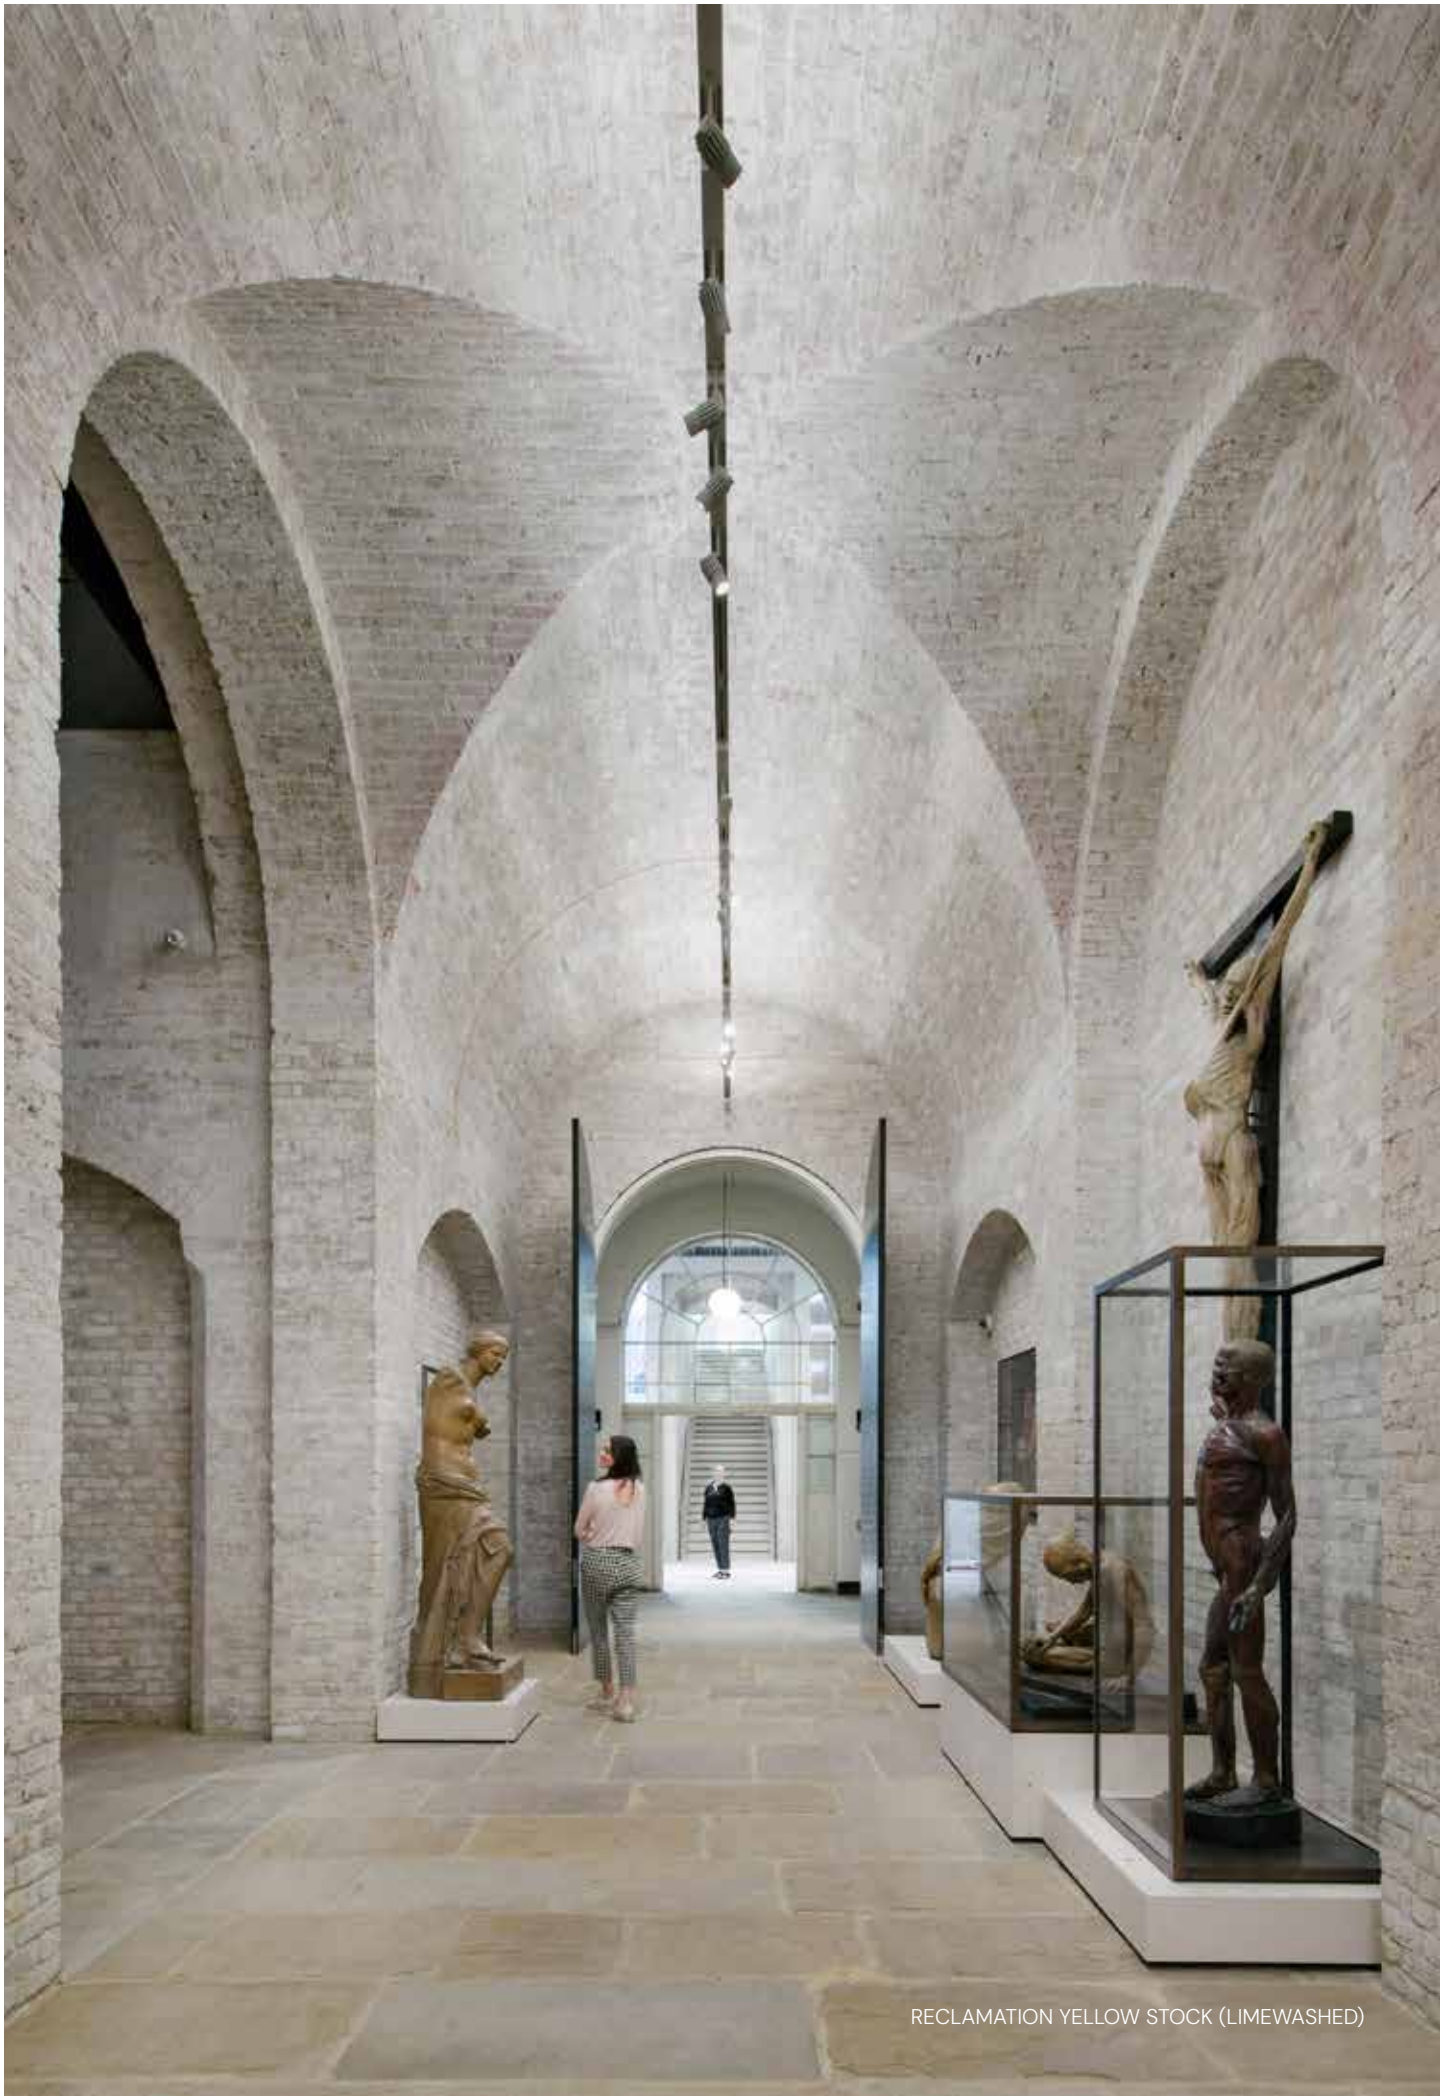

TRADITIONAL MANUFACTURING, RICH IN HISTORY

As experts in this industry, we know that the quality and character of traditional bricks cannot be achieved through mass production.

We thrive on the little imperfections created during the manufacturing process, which make our bricks truly unique. Our manufacturing techniques perfectly replicate those used through the centuries and we strive for all our bricks to reach the same level of quality and appearance.

HIGH VOLUME AVAILABILITY

We are the UK's largest supplier of traditionally manufactured bricks. Our offering includes handmade, wirecut and pressed bricks in imperial, metric, hybrid and linear sizes. With the capacity to deliver over 80 million bricks per annum, three UK storage depots and a dedicated logistics team, we can guarantee stock and delivery to fit your timescale.

RECLAMATION YELLOW STOCK (LIMEWASHED)

WHAT WE DO

SPECIALISTS IN REGIONAL BRICKWORK

We are fully versed in planning department requirements and understanding the importance of conservation and replacing like for like. Whether it's renovation, restoration or an imaginative new build, our experts are on hand to help. With our dedicated specifications team we promise to guide you every step of the way in achieving the right aesthetic for your build, whatever the size or location.

FREE BRICK MATCHING

Accuracy is important, that's why we offer free site visits and subsequent samples to ensure a perfect match. Our brick specialists have over 150 years combined industry experience and will provide you with the best brick match available from our handmade, extruded and pressed brick ranges. If an off-the-shelf option is the best fit, we'll let you know, alternatively we can offer a cost effective, bespoke solution to suit your build.

FREE SAMPLE SERVICE

We always recommend a sample before you make a full purchase. While we endeavour to make our images as true to life as possible, it's best to see the brick first hand to appreciate the colours and textures and to make sure it's the right brick for your requirements. Obtaining your free sample is easy, simply give us a call or visit the website to place your order.

BESPOKE SOLUTIONS

When our standard brick options aren't quite up to the job, we can step in and deliver a bespoke alternative that is. Utilising the specialist in-house processing and finishing facilities at our head office in the heart of Shropshire, we can colour blend, weather and distress to create a custom brick specifically for your project. So whether you need to match existing brickwork or satisfy planning and conservation requirements, we have the solution.

FULL RANGE OF COMPLIMENTARY PRODUCTS

We are more than just bricks! We also offer a range of complimentary products to enhance your build. Handcrafted roof tiles, pavers and lime mortar along with brick slips, specials and prefabricated components such as chimneys, arches, lintels and columns.

OLDE RECLAMATION SHIRE BLEND

Handmade bricks characterised by red and orange shades, aged with soot and traces of lime mortar.

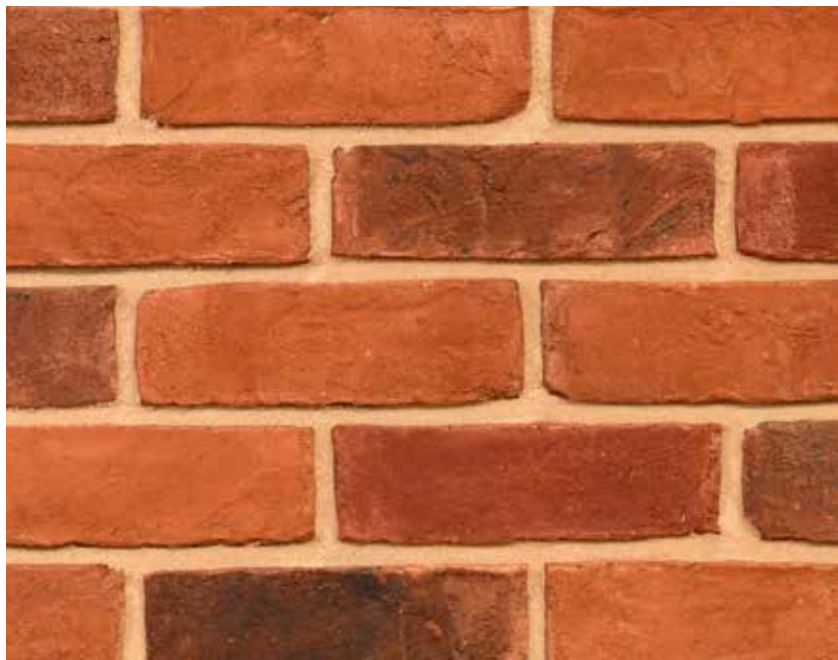

Code:	Size (mm):	Tolerance:	Pack Size:
HMOLDRECSHIRE /65	65 x 215 x 102.5	T1/R1	650
HMOLDRECSHIRE /68	68 x 230 x 110	T1/R1	525
HMOLDRECSHIRE /HB/73	73 x 215 x 102.5	T1/R1	600

COUNTRY BLEND

Handmade bricks featuring mostly orange shades, blended with soft browns and reds.

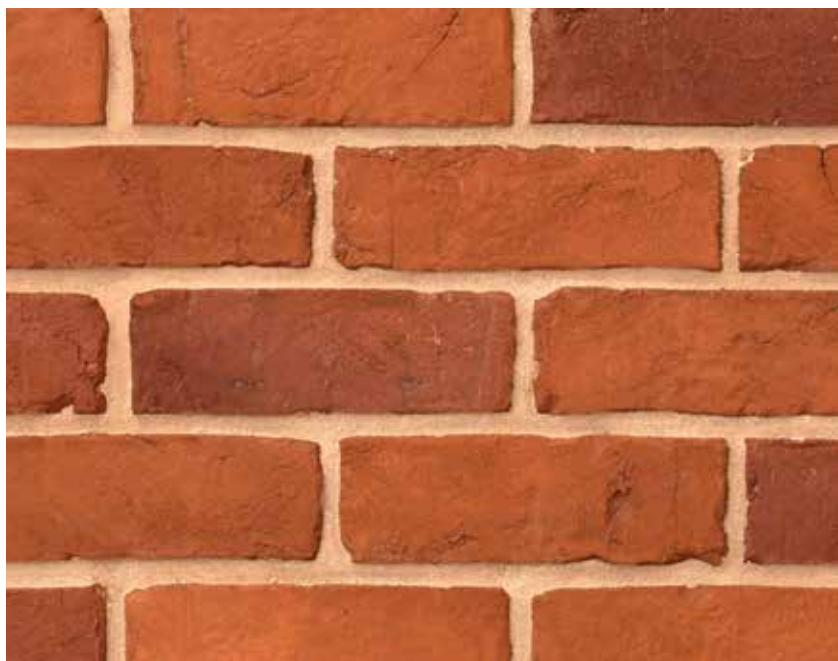

Code:	Size (mm):	Tolerance:	Pack Size:
HMCOUNTRY /65	65 x 215 x 102.5	T1/R1	650
HMCOUNTRY	68 x 230 x 110	T1/R1	525
HMCOUNTRY /HB/73	73 x 215 x 102.5	T1/R1	600

FARMHOUSE ORANGE

Predominantly orange handmade bricks blended with red shades, with a textured finish and subtle creasing on the faces.

Code:	Size (mm):	Tolerance:	Pack Size:
HMORANGE/65	65 x 215 x 102.5	T1/R1	650
HMORANGE	68 x 230 x 110	T1/R1	525
HMORANGE /HB/73	73 x 215 x 102.5	T1/R1	600

IMPERIAL BLEND

Our signature blend. Textured, characterful handmade bricks with red, brown and orange blended shades, subtle weathering and a reclamation finish.

Code:	Size (mm):	Tolerance:	Pack Size:
HMIMPBLEND /65	65 x 215 x 102.5	T1/R1	650
HMIMPBLEND /68	68 x 230 x 110	T1/R1	525

URBAN WEATHERED

Weathered and sooted bricks with a red base colour, produced to match those found in urban areas which have darkened naturally.

Code:	Size (mm):	Tolerance:	Pack Size:
HMWEATHERED /65	65 x 215 x 102.5	T1/R1	650
HMWEATHERED /68	68 x 230 x 110	T1/R1	525
HMWEATHERED /HB/73	73 x 215 x 102.5	T1/R1	600

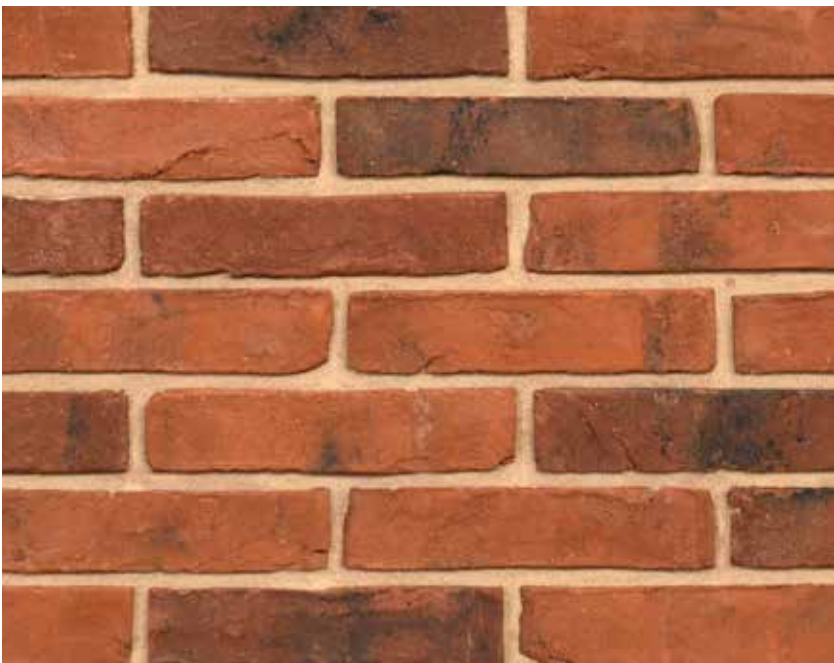

TUDOR MULTI

Solid orange handmade bricks blended with red and brown weathered shades.

Manufactured in a 50mm size which is typical of the Tudor era, these bricks are dual purpose – meaning they are suitable for brickwork and for use as paving bricks.

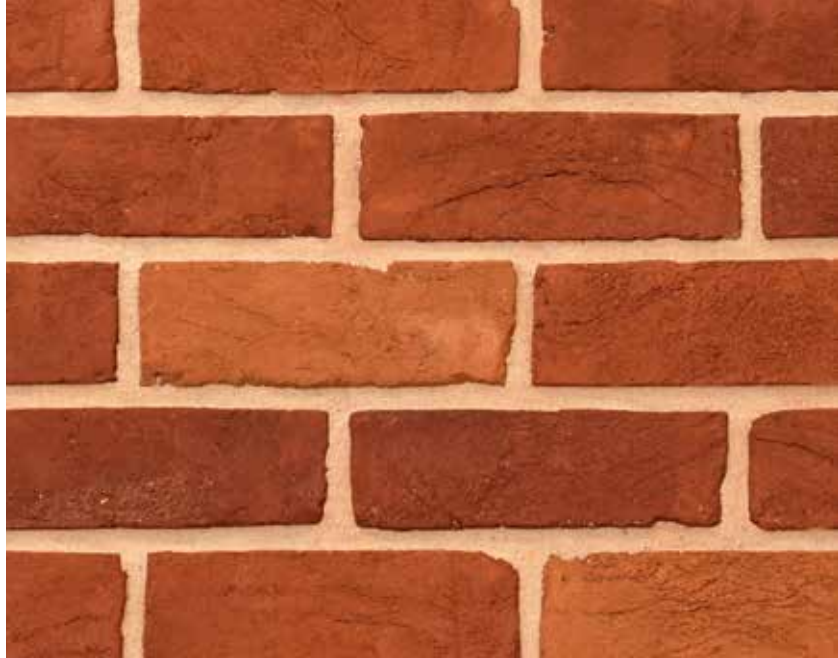

Code:	Size (mm):	Tolerance:	Pack Size:
HMTUDOR-CB	50 x 230 x 110	T1/R1	600

REGENCY RED MULTI

Handmade bricks with a soft texture, featuring predominantly red shades blended with some oranges. Approx. 5–20% of orange shades will be present in the blend.

Code:	Size (mm):	Tolerance:	Pack Size:
HMRGRED/65	65 x 215 x 102.5	T1/R1	600
HMRGRED/VT/ HB/73	73 x 215 x 102.5	T1/R1	550

TUMBLER REGENCY MULTI

Mixed red and orange handmade bricks with soft edges and an aged, weathered appearance. An exact replica of genuine reclaimed bricks, which offers a cost effective, sustainable alternative for ongoing developments.

Code:	Size (mm):	Tolerance:	Pack Size:
HMRGMULTI/ TUM/VT/65	65 x 215 x 102.5	T1/R1	650

REGENCY SOVEREIGN

Aged red handmade bricks with soot and mortar traces engrained into the soft creased texture on the faces.

Code:	Size (mm):	Tolerance:	Pack Size:
HMRGSOV/SH /65	65 x 215 x 102.5	T1/R1	650

REGENCY SOVEREIGN CLAMP

Bespoke blend comprising of a combination of the character rich Regency Sovereign and York Clamp bricks.

Code:	Size (mm):	Tolerance:	Pack Size:
HMRGSOVCL/ SH/65	65 x 215 x 102.5	T1/R1	650

YORK CLAMP

Traditional handmade bricks featuring hues of browns, reds, yellows, and some purple tones.

Code:	Size (mm):	Tolerance:	Pack Size:
HMWCLP/SH/ YK/65	65 x 215 x 102.5	T1/R1	650
HMWCLP/SH/ YK/HB/73	73 x 215 x 102.5	T1/R1	600

REGENCY ORANGE MULTI

Handmade bricks with a soft texture and natural creasing on the faces, featuring predominantly orange shades, blended with some reds. Approx. 5-20% of red shades will be present in the blend.

Code:	Size (mm):	Tolerance:	Pack Size:
HMRGORANGE /65	65 x 215 x 102.5	T1/R1	650

BOURTON ORANGE WATERSTRUCK

Handmade orange bricks with a smooth texture, and subtle colour variations.

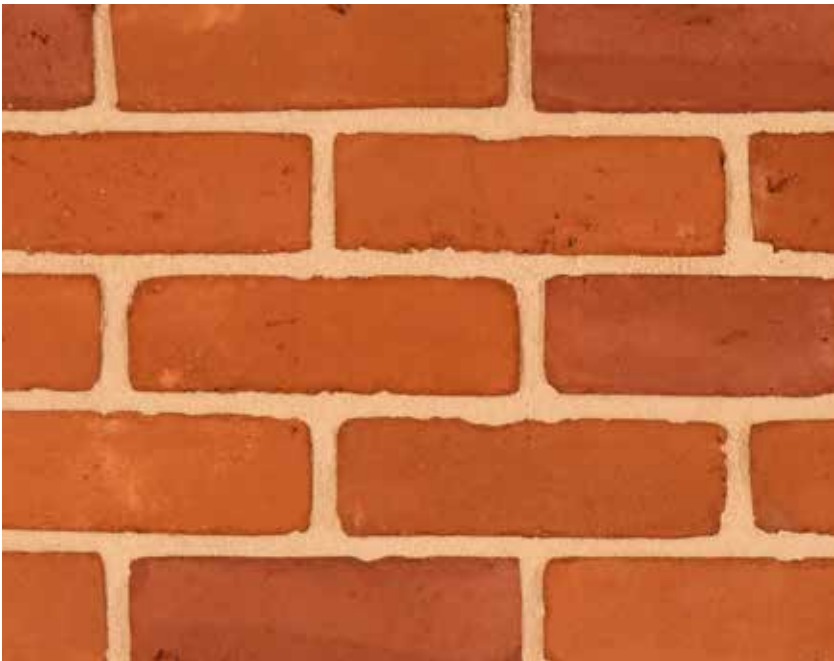

Code:	Size (mm):	Tolerance:	Pack Size:
HMBRORWS/ VT/65	65 x 215 x 102.5	T1/R1	650

PRESSED MUL/ 73/WEATH	73 x 215 x 102.5	T2/R2	540

4

WHAT IS DUAL FACED?

Dual faced is a unique 3-in-1 design, where each brick has one tonally weathered face and header, and the reverse side is left 'clean' with no weathering.

This allows bricks to be laid on site using either face, allowing the choice of creating all plain, all weathered or a custom mix of the faces to create a unique blend.

WHAT IS A NEW RECLAMATION FINISH?

Sometimes projects call for a heritage aesthetic, whether this is for personal preference or planning stipulations. While utilising genuine reclaimed brick is one option, Imperial can offer a solution for your project that gives the look and feel of reclaimed bricks, but produced using modern techniques. All our bricks come fully tested and certified to British Standards.

We have a full range of bricks that replicate the traditional qualities of heritage bricks by utilising tumbling, tinting and weathering processes.

WHAT IS A BRICK SLIP?

Brick slips offer a cost effective way to achieve the same appearance as conventional brickwork. Benefitting from the durability and longevity of bricks, they offer a quick and easy installation process and are available to be fabricated with dovetail and chamberlain fixtures for external cladding systems. They are also widely used in prefabricated components such as chimneys and arches.

Imperial offers our entire range as brick slips, cut to order at our headquarters in the heart of Shropshire, where we can work closely with you to produce bespoke solutions and bring ideas from conception to reality.

HOW DO WE STACK UP?

All of our manufacturing partners must meet at least six out of nine of the internationally recognised standards listed, with a further three a preferred requirement.

We are able to stipulate and develop these high standards thanks to the long-term, exclusive trading relationships established with our global partners.

We have worked with these manufacturers over several years, so our customers throughout the supply chain – architects, merchants, specifiers, builders, developers and end-users can be confident our bricks are made ethically, to the highest quality and reliably supplied.

We are proud to be independently audited ensuring transparency and traceability throughout the production process.
