

CLASSIC PAVER COLLECTION

# CRAFTING EXCELLENCE IN CLAY PAVING

---

High quality, durable and stylish range of extruded clay paving. Offering a variety of colours, textures and shapes, these distinctive products cater to various architectural styles and construction needs, making them a trusted choice for residential, commercial and industrial projects.

## DURABILITY

---

Clay pavers are extremely durable and resistant to wear and tear, making them ideal for driveways, pools and patios.

## SLIP RESISTANCE

---

The natural texture of clay pavers provides a non-slip surface, making them safe for walking even when wet.

## VERSATILITY

---

Suitable for various applications, including commercial and residential driveways, patios, braai's, walkways, pool surrounds, and more, offering design flexibility.

## ECO - FRIENDLY

---

Clay pavers are made from natural clay and are free from harmful chemicals and pigments contributing to a healthier environment.

## LOW MAINTENANCE

---

Clay pavers require minimal maintenance. They are resistant to stains and can be easily cleaned with water and a mild soap.

## WEATHER RESISTANCE

---

Clay pavers are highly resistant to extreme weather conditions, including frost and heat.

## AESTHETIC APPEAL

---

Available in a wide range of colours, textures, and shapes, clay pavers add a timeless and natural beauty to any outdoor space.

## COLOUR RETENTION

---

The natural colours of clay pavers do not fade over time, maintaining their vibrant appearance forever.

# WENTWORTH

## WENTWORTH

A light, elegant clay paver with soft champagne, biscuit and warm beige tones, enriched by subtle honeyed variation. Its naturally matt, lightly textured finish creates a bright, refined surface with warmth, depth and timeless appeal.

CODE	SIZE	CHAMFERED	NIBBED
MMWENT/PAVER/50	220 x 52 x 50mm	No	No
COVERAGE	UNIT WEIGHT	UNITS PER PALLET	
82 per m <sup>2</sup>	12kg	1064	
WATER ABSORPTION	AVERAGE MODULUS OF RUPTURE	COMPRESSIVE STRENGTH	
>7%	>4MPa	>29.9MPa	

# HIGHCLERE

## HIGHCLERE

A warm, characterful clay paver with an earthy blend of terracotta, burnt orange, soft red, and brown tones. Its naturally matte, lightly textured surface and gentle colour variation create an authentic, timeless finish full of depth and visual warmth.

CODE	SIZE	CHAMFERED	NIBBED

COVERAGE	UNIT WEIGHT	UNITS PER PALLET	
82 per m <sup>2</sup>	12kg	1064	
WATER ABSORPTION	AVERAGE MODULUS OF RUPTURE	COMPRESSIVE STRENGTH	
>6%	>4MPa	>33MPa	

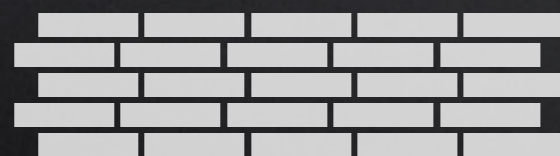

# EXPLORE PATTERN POTENTIAL

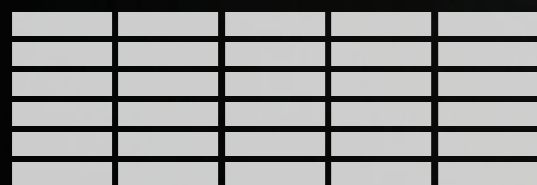

Our linear paver format is exceptionally versatile, offering a wide range of laying patterns that can dramatically influence the character of a space. Its elongated proportions make it ideal for both classic and contemporary designs, from the timeless structure of herringbone and basketweave to the clean simplicity of stack bond and linear layouts. It can be used to create movement and direction in pathways, add visual interest through pattern variation, or define spaces with borders and feature panels. Whether aiming for a traditional, rustic feel or a sharp, architectural finish, this format allows for flexible design expression and cohesive overall appearance.
